ro u t I Iron

v vB Not applicable. (Contd. of page 1)

Composition of the substance

Characterization  
Description Mixture of the substances listed below with nonhazardous additions.

Components		
Description		
7697-37-2	nitric acid	2.0%
Characterization of the substance		
7732-18-5	water, distilled, conductivity or of similar purity	97.9%
7439-89-6	iron	0.1%
