

-
- Photography and Photo-Based Design - Each youth can submit one photo in each category. Entries for photo-based design should include both the manipulated photo and a copy of the original photo.
 - Posters - Submit one photo that clearly shows all text an

- At the beginning of your video please clearly state your name, club, an

1.  Tap to record - Tap  next to the record button; it says Options under the three dots. Choose upload clip\$ Select your video on your computer or device and finish the steps to submit.

2. Review your video - Tap the arrow  in the bottom right to advance.

3.  Use the selfie image button to take a selfie.

4. Finalize your selfie, add your name and title of exhibit where it says title .
(Same as the screenshot above.)

5. Click Submit video and then return to the grid.

Note: This grid is moderated, submissions will not be visible until reviewed.

4. Next click the whiteboard feature under the effects to create a blank background for your photo. Choose the blackboard background and then drag the slid

- Please reference the rubric for your exhibit category. This video is highlighting all the areas needed to evaluate an exhibit and rubric information can be found at this link: <https://www.uvm.edu/extension/youth/4-H-and-communications>.
- It is understood that parents and guardians may help record a video of an exhibit. For example, the 4-H'er may need the device that they are using to record the video in a tripod.
- For exhibits like Action Exhibits, Team Demonstrations and Presentations, youth may use technology and creativity to capture these group exhibits. Videos may be used to
