

## TABLETOP EVALUATION/CRITERIA

Name of Exhibitor(s): \_\_\_\_\_ Age(s) \_\_\_\_\_

Tabletop Title: \_\_\_\_\_

The difference between a tabletop exhibit and a poster is that an excellent tabletop conveys information using both a background display AND displayed items or props. Displayed items should include more than just photos and handouts. A combination of words, pictures, and objects help the viewer learn about a subject. Tabletop exhibits can be either an individual or group project. You will have HALF of a 6 foot table to exhibit your work. Below you

what they think would improve your tabletop exhibit. Thank you for exhibiting your work!

4-H dress code and program content expectations may be reviewed at
