extraordinary potential for schools to work together to help solve an urgent challenge in civic life

In its first year, CCN identified 130 programs where student reporting is contributing to local

About CCN

The Center for Community News at UVM is helping to connect student journalists at every stage of life with local news organizations to help build a world in which every community has access to reliable information by and for the people who live there.

About the University of Vermont

Since 1791, the University of Vermont has worked to move humankind forward. Our strengths align with the most pressing needs of our time: the health of our societies and the health of our environment. Our size—large enough to offer a breadth of ideas, resources, and opportunities, yet intimate enough to enable close faculty-student mentorship across all levels of study—allows us to pursue these interconnected issues through cross-disciplinary research and collaboration. Providing an unparalleled educational experience for our students, and ensuring their success, are at the core of our mission.

UVM advances Vermont and the broader society through the discovery and application of new knowledge.

UVM is derived from the Latin Universitas Viridis Montis (in English, University of the Green Mountains).
