matthew.liptak@uvm.edu

Office Hours

WF, 9:30 ±10:30 AM, Innovation E336

Prerequisites

Chem 181

General Education Requirements

This course does not satisfy any general education requirements

Chem 182 is a requirement for Chemistry majors .

Course Description

Chem 182 will aid the development of chemical information literacy skills through oral presentations on areas of current chemical interest.

Statement on Diversity and Inclusion

I strive to create a classroom environment that supports students from a diverse set of backgrounds. Our society is composed of individual from diverse ethnic, socioeconomic, and educational backgrounds. Half of our society are women. I strongly believe that our best path forward to a stronger and more equitable society is to promote inclusiveness.

It is my expectation that every member of this class will also support diversity and inclusion. As

Office Hours

This is your time to ask me any questions you have on course material, or additional scientific writing questions that go beyond the course material. For the most part this is an opportunity to discuss your presentation one on one with me, but I'm also happy to meet with small groups. I will make a concerted effort to divide up this time equitably between all students in the class, so your time may be a bit shorter on days when a large number of students visit office hours.

There is no need to make an appointment for office hours. I will be available in my office for the entirety of the time blocks noted above regardless of attendance.

E-mail

I will respond to all e-mails within one working day.

General statement regarding potential changes during the semester:
