C S A C

The SA has had a responsibility for matters relating to student affairs, their effect on the educational process, and the academic climate of the University. It has a commendable policy with respect to honor programs, residential programs, athletic, discipline, health services, academic, housing, student activities, etc. It has included among its duties the continuous review of University administration and financial aid offices, including their relation to projected enrollment. This committee has established policy in matters related to general administration standards and recruitment, and has reviewed, recommended, and participated in formulation of administrative procedures. The committee has established a continuing liaison with student government groups and with appropriate administrative and academic offices.
