

Teaching Assignment Process

NGP Mission: Teaching

The goal of the Neuroscience Graduate Program is to develop effective stewards of neuroscience. An important component of stewardship is to teach.

When all assignments have been W K H V ~~WbXrSeHDDeW~~ VD ~~DQGH~~ Q R W L I L H G E \ H P D
\$ G P L Q L V W U D Ws ~~RobieThesmle~~

About 6-8 weeks before the assignment begins, a reminder note is sent to the student, copied to the course director and student's advisor (all students should have ~~join~~ their thesis lab by then), reminding them of the assignment.
